We will send our inspectors and give them the option of placing the dirt and concrete back on the property before we remove it. They likely plan to use it anyway.

Goodmorning,

A constituent reported illegal dumping being done by the people who live at [19919 Lassen St. Chatsworth 91311](#). We were told the home is digging a pool and placing all the dirt and broken concrete blocks in the alley behind [19919 Lassen St](#). This is blocking the alley and limiting use by residents and trash collection trucks. I could not create a service request for this location because the my311la app did not recognize the [19919 Lassen Street](#) address.

IED - please send an inspector to inform the residents at 19919 that what they are doing is illegal.

Sanitation - Please have dirt and concrete removed as soon as possible.

Thanks for your help with this matter.
